LOT 84 - LandHonor Big Arm Backhoe For Skid Steer (New/Unused)

Description

This Attachment gives you the power to dig deeper, reach higher and reposition easily without getting out of the cab.

The big arm digs down 6 feet, making ideal for most landscaping or light construction applications. Reaching up approx. 12' high also makes it simple to empty your bucket into a nearby wagon or truck.

The hydraulic boom swings a full 140 degrees allowing the operator to pick up or dump material on either side of the pit.

Second boom mount on side of frame for digging along side foundations
