LOT 121 - Mini Excavator Auger Drive with 8in Auger Bit (New/Unused)

Description

Mini Excavator 8" Auger – Efficient Digging for Precision Applications

The **Mini Excavator 8" Auger** is a powerful and efficient drilling attachment designed for digging narrow, precise holes in a variety of soil conditions. With an 8-inch diameter, this auger is ideal for tasks that require accuracy and consistency, making it a go-to tool for contractors, landscapers, and property owners alike.

Key Uses and Benefits:

- **Fence Post Installation:** Drill clean, uniform holes for wood, metal, or vinyl fence posts.
- **Deck and Sign Foundations:** Create stable footing for small structures, signs, and mailboxes.

- **Planting and Landscaping:** Easily dig holes for trees, shrubs, and large plants.
 - **Utility and Irrigation Work:** Prepare holes for water lines, poles, or pipe installations.
 - **Compact Site Access:** Ideal for tight or confined spaces where larger equipment can't operate.
-

Built for durability and powered by your mini excavator's hydraulics, the 8" auger saves time and labor compared to manual digging, all while providing consistent hole depth and diameter for professional results.

Fits 1-3ton excavator, Pin Diameter: 1 in

Quantity: 1
