### Description

## Skid Steer Bale Spear – Fast, Reliable Bale Handling for Agricultural Operations

The **Skid Steer Bale Spear** is a heavy-duty attachment designed to quickly and securely move large round or square bales of hay, straw, or silage. Engineered for use with universal skid steer quick-attach systems, this spear delivers powerful lifting performance and excellent maneuverability—making it ideal for use in barns, fields, and feed yards.

### Key Uses and Benefits:

- Transport and stack round or square hay and straw bales

- Easily attachable to most skid steer loaders
- Tapered forged steel spear penetrates bales cleanly without tearing
- Optional stabilizer spikes provide added balance and control
- Ideal for daily feeding, barn cleanup, and hay storage operations

Built for rugged farm work, the Skid Steer Bale Spear increases efficiency and reduces manual handling—making it an essential tool for farmers, ranchers, and livestock operators.
